ty for insurance of the officials in the Sowar and Police Departments, th[illegible]ittee was
[illegible] opinion that insurance in the case of subordinate Police Officers was [illegible]sory, and
s regards the Sowar and Barr Forces, it was resolved that the Military Secretary be

With reference to the above has the honor to state that it appears the main difference between Insurance and the Retiring Fund is that in the latter the men get whatever they accumulate but no more when discharged.

While in the Insurance an estate only gets more than the accumulations if the man dies early. I think that the Life Insurance might be made optional to Military men and though after joining they should not be permitted to withdraw till pensioned or discharged.

The Bonus might be made payable at discharge.

The original reason for excluding the Military from insurance was that no Military men could afford to pay the premiums but the individual may be trusted to judge this matter for himself.

With reference to the above has the honor to report that the ministry and the Turnkey of the establishment of the new Polo ground, may be kind exempted from the operation of the Mysore State Life Insurance Rules, as the appointments of these, depends only on their hard work and zeal, they shew in performing the work entrusted.

entrusted to them. If they fail to satisfy, their services have to be dispensed with, and new hands appointed in place of them. These being uneducated and there being no other work suitable for them in the Department, except the present posts they hold, it seems desirable to grant them the exemption recommended above.
